

EMISSION CLASSIFICATION OF BUILDING MATERIALS

Cembrit Holding A/S

The classification working group set up by The Building Information Foundation RTS has approved the following product:

Cembrit Patina Original
Cembrit Patina Sky
Cembrit Patina Rough
Cembrit Patina Inline
Cembrit Patina Signature

as belonging to emission class M1 for building materials.

The classification is valid until 19.3.2024.

Cembrit Holding A/S has the right to equip its classified products with the classification mark and to use this classification mark when marketing these products.

The decision is in line with the requirements laid down in the Classification of Indoor Climate 2018 and the Classification of Building Materials: General Rules.
